First make sure you have run the game at least once just getting to the start menu and exiting is fine so the game can create the required folders for you.. Theres a whole community of users out there who have crafted brand new skins that turn Valves favourite son into a colorful rejuvenated version of its former self.. Most tribes I have experienced have not occurred during the critical points of the game but the tribes are random and may well happen during a fire fight or if you are trying to sneak in on an opponents player.
